8:30AM—12:00PM

WHERE?

Gallatin County
Fairgrounds
Building #4
Building 4 is the first exhibit
building on the west side of
the main parking lot off of
Tamarack Street.

Be a Visionary

The Gallatin County Board of Park Commissioners invites you to be a visionary and help us develop a Master Plan for the Regional Park. By making your views known during two Saturdays in June the Regional Park can become a park you, your family and your children's children will enjoy.

During two workshops, or design charrettes, held Saturday June 2 and Saturday June 23, the Park Commission will ask for input from the general public and a variety of community groups. These charrettes will be rigorous design workshops in which the community members work within a short time-frame to create a Master Plan for the Regional Park. Design development is based on the values and goals stated collectively by the community. The first charrette will define the features and elements desired by community consensus, while the second charrette will select the best of two or three alternate plans to recommend to the Board of Parks for adoption.

MSU Assistant Professor Bill Pond will be our facilitator for the charrettes and guide the community members through the process and help us build a flexible path that will reach the vision of a park we and future generations can use, love and be proud of.

SCHEDULE

June 2: (Charrette 1)

8:30AM—Coffee and Pastries
9:00AM—Outline process for the day,
Park design concepts, theory
9:30AM—Site Analysis/History
